Sole Agent for Main Fellico Mountain Coal Company the very BEST SOFT COAL in use.

TESTIMONIALS,

True Merit Wins Where Practical Men are Judges. Read What is Said About JELLICO MOUNTAIN COAL.

WATER WORKS, ATLANTA, GA., September 25th, 1883
The engineer of the Water Works reports this morning that he has completed a 24
our's test of the Jellico Mountain Coal. The test is as follows: Water pumped, 2787,200 gallons; Coal consumed, 12,900 pounds; water pumped to 100 pounds of coal, 21,606 gallons; water preasure maintained through test, 140 pounds; head, in feet, 323 to which the water was pumped; total number of pounds raised 323 feet, 25225,737,6; millions pounds raised one foot with 100 pounds coal, 75,079-122, which is more than the builders guaranteed the engines to do with the best coal. Mr. Terry reports only 760 pounds ashes taken out, and no clinker and that the fires were not cleaned during the whole 24 hours. From the result of the above test I must pronounce the J. M. an excellent steam coal.

Respectfully.

W. G. RICHARDS, Supt. Water Works.

N. B.—Since the above test another has been made in which 28,773.8 gallons water were raised to 100 pounds of coal, instead of 21,606 in the first test. This shows an increase of over 7000 gallons over any other coal, a fact of itself worthy of note.

W. G. R. Bunt.

We regard your coal as the best we everused. In our test we saved two hours time in making seven heats in heating furnace over the next best coal we use. Only have to clean grate once day with it; with the other we have to clean twice, and often three times. It is the purest coal we ever used.

LOOKOUT ROOLING MILL.

NORFOLK & WESTERN RAILROAD (OMPA Y, Office Superintendent Western Division,
Lynchburg, Va. 16th. April 1881.

We have obtained reports from the engineers w, o have used your coal which are of the mosatisfactory character. They speak well of the coal in every respect. They all say that it is the best coal they have ever used coming from the line of your roap.

TRANK HUGEE.
Superintendent, We burned the Jellico Mountain Coal on the steamer and Life during last winter and think preferable to other coal.

A. H. LOVE We are well satisfied with the Jellico Mountain Coal, after thoroughly testing it at our mill. We consider it the cheapest coal we buy owing to the fact that there is less waste.

TP McDANIEL & CO. There is less dust and ashes from Jellico Mouniain Coal than any we have heretefore used.

C. B. WOODWARD.

I find it ere is less waste in the Jellico Coal than any I have used. It burns free and leaves buttle askes. We find that there is less dust and ashes in our houses when we burn Jellico Mountain Coal, han when using other coal.

RG OSBORNE.

We are very well satisfied with Jellico Mountain Coal. Consider it the best on the market:

SCOTT, DEMSTER & GO.
